Mr. Mathew Ngigi
c/o ICT Centre

Dear Mr. Ngigi

COMMENDATION FOR WORK ASSIGNMENT WELL DONE, MS-AD DEPLOYMENT

I would like to commend you for doing your allocated task well above average during the recent deployment of the Microsoft Active Directory (MS-AD) System across the University network.

The assignment at hand was urgent, and required physical configurations of at least 2,000 Desk-tops to join the MS-AD platform, in a period not exceeding one week. After going through the statistics, I have observed with immense satisfaction, that you and four other of your colleagues, executed this exercise with laudable dedication, accounting for over half of the machines that joined the Domain system within that strict project timeline. It is noteworthy to point-out that there were over twenty other staff members engaged in the exercise.

I take pride in extolling this positive work attitude. Your great sense of initiative, the diligence, and the exemplary evidence of personal responsibility, which was manifested in this exercise, is the kind of spirit that shall not go un-noticed. I honestly trust it shall greatly improve your future career prospects.

On behalf of this section, I take this opportunity to express my earnest appreciation for the work well-done, and urge you to keep it up.

Yours sincerely

MR. ELIJAH K. TENAI

DEPUTY DIRECTOR - ICT (NETWORK AND INFRASTRUCTURE SERVICES)
