TO WHOM IT MAY CONCERN

This is to confirm that Mathews Abijah Nyapela has been a student at this College since October 1993 to April 1994 taking a Cargo Services Course.

The syllabus in this Course includes:-

PART I: IATA, FIATA, Air Cargo terms, Operation of Air Cargo Agency and Services provided by Agents and Forwarders, World Geography, Cargo guides (ABC and OAG), Aircraft characteristics and Loading Limitations, Airport handling facilities, Acceptance and booking procedures of general and special Cargo.

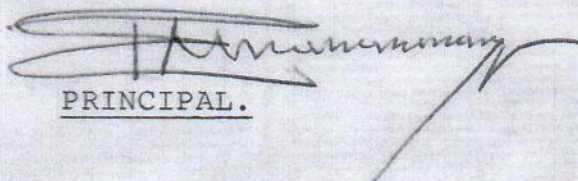

PART II. Calculations of rates and charges for general and special Cargo and completion of Air Waybills in accordance with IATA Resolutions.

His attendance has been regular and has performed well on weekly tests. During his studies here, he had an opportunity of attending an Industrial Attachment for four continuous weeks at Kenya Airfreight Handling Limited, a subsidiary of Kenya Airways and his report was promising.

He is friendly, consistent in his studies and his conduct is good.

Any assistance that might be extended to him would be highly appreciated. If employed, we are certain that he will be found knowledgeable in his field of study.

Yours faithfully,

PRINCIPAL.
